ABOUT THE WORKSHOP

The 2 day workshop is based on utilizing the junk in our houses, in the best possible manner through the medium of art and music.

On Day 1, Saturday - 3rd May 2014, We shall learn the basics of rhythm and music followed by how to make music from material like empty bottles, cans, spoons, paper, etc..We conclude the workshop with a group performance by the participants.

On Day 2, Sunday - 4th May 2014, We shall use junk material like nuts and bolts, newspaper and magazines, bottle caps etc to decorate some of the items that were used to make music the previous day. Lets make it your very own, musical instrument - Personalized! Hand-made! Decorative!

THINGS TO GET FOR THE WORKSHOP :

1...Anything which mom & dad don't want at home like, old cutlery, plastic boxes, tins, cans, used gift wrapping paper, old metal objects like keys, nuts n bolts, CDs, broken jewellery, old and used stationary, straws, candy sticks, and all that your heart considers junk. (we shall also be providing some basic material to get you started)

2...Do get some paints and brushes of your choice too, and a pair of scissors.

ABOUT THE TEACHERS

AVNI KAPADIA

Avni is an Interior Designer by profession, practicing since the past 12 years. She is also an Artist. She excels in sketching, painting and other craft forms. She has organized and conducted workshops for kids on different forms of art and craft.
